

CURRICULUM VITAE

Scholarstica Atieno Owino

P.O BOX 195-80108

Mobile no: 0725405031

E-mail: aschola@yahoo.com

Personal Details

Gender: Female

Nationality: Kenyan

Languages: Kiswahili, English

Religion: Christian

Profile

I am a technical person with extensive and practical knowledge in biological sciences mainly in zoology and microbiology. I am also very detailed by nature and computer literate.

Educational Background

2012- 2016 : BSc. Science Laboratory Sciences from Mt. Kenya University

2000- 2003 : Diploma in Applied Biology from Eldoret Polytechnic

2008- 2009 : Certificate in Information Technology

1995-1998 : Kenya Certificate of Secondary Education from Asumbi Girls High
School

Technical skills

- Ability to do practical in zoology/microbiology related fields.
 - Competent in computer applications
-

Work experience

Oct 2010 to Date: Laboratory Technician Pwani University-Biological Sciences
(zoology/microbiology section)

Duties and Responsibilities:

- Setting, Organizing and supervising Students practical in Zoology and microbiology e.g. animal dissections, collection, mounting and preservation of specimen.
- Stock taking and keeping laboratory records.
- Procuring Laboratory equipment and materials
- Maintaining inventory records in the Laboratory.
- Ensuring proper waste disposal,
- Implementing safety programs in the laboratory
- Ensuring proper storage of chemicals and equipment

Oct 2009 - Oct 2010: Laboratory Technician at St. Teresa's Sec School

Duties and Responsibilities:

- Organizing for practical and assisting students during Biology practical.
 - Implementing safety programs in the laboratory
 - Ensuring all health and safety procedures are followed
 - Taking stock control of chemicals, equipment and keeping records
 - Ensuring proper waste disposal
-

Jan-June 2009: Laboratory Assistant at Moi Forces Academy

Duties and Responsibilities:

- Setting and assisting students during Biology practical
 - Ensuring general Cleanliness of laboratory
 - Cleaning and proper storage of laboratory glassware and chemicals
 - Ensuring proper waste disposal in the Laboratory
 - Keeping Laboratory records of chemicals, glassware and reagents
 - Maintaining and calibration of Laboratory equipment
 - Managing the Chemical stores.
-

**April 2006 - Nov 2008: Laboratory Technician (Internship) at Kenya Wildlife
Service**

Duties and Responsibilities:

- Ensuring general cleanliness of the laboratory
- Collection of animal samples from the field
- Analyzing tissues for histological studies
- Preparation of stool samples for Helminthes identification

- Taking and keeping records of the samples collected.
 - Managing the laboratory data base
 - Keeping records of Laboratory Chemicals and Reagents
-

**March - Nov 2003: Laboratory Technician (Internship) Kenya Medical
Research Institute-KEMRI**

Duties and Responsibilities:

- Blood morphology and hemocytometry
 - Malaria diagnosis and immunology
 - General Diagnostic and special techniques in intestinal and tissue helminthes and protozoa
 - Mosquito collection, preservation and dissection
 - Determination of Biochemical constituents in fluids
-

Jan - May 2002: Laboratory Technician (attachment) KEMRI

Duties and Responsibilities:

- Ensuring general cleanliness in the laboratory
 - Preparation of culture media and Culturing of micro organisms
 - Parasitological Techniques
 - Performing Biochemical tests of various samples
 - Maintaining samples data base
 - Collection of samples from the field for analysis
 - Taking field notes
-

Other Relevant Information

29th to 30th May 2016: Attended a GLP Training in KEMRI

2nd to 3rd June 2011: Participated in Aids Alcohol and Drug Abuse sensitization Course

18th to 21st June 2012: Attended refresher training course in Basic Microbiology

29th to 30th July 2013: Participated in Basic Fire Fighting awareness course

6th to 7th August 2013: Participated in Accelerating HIV infection to Zero seminar

20th to Date: Active member of Destiny Ladies group

Hobbies.

- Travelling
 - Making friends
 - Reading
-

Referees

1. Mr. David Samoei
Senior Lab Technician
University of Eldoret
